

What to prepare before our makeup session

By Gaby Tan

BEFORE OUR TRIAL

1. Collect images of your preferred makeup and hairstyles
2. Come without applying any products. Skincare will be applied before makeup. If you prefer to use your own skincare products, you can bring them along!
3. Wear a nice white/flowery top that is similar to your actual outfit
4. Have your hair fully dried
5. Let me know the itinerary of your actual day and the outfits you'll be wearing

Feedback is always welcomed, feel free to let me know if you'd like the makeup and hair to be adjusted according to your preference!

1 WEEK BEFORE

Color and/or highlight your hair.

This will make the beautiful hairstyles stand out more.

Have your fringe layered to frame your face with the hairstyle.

1 WEEK BEFORE

Start applying hydrating face mask every night and exfoliate regularly.

Well-hydrated skin allows makeup to last longer and adhere better.

Exfoliating removes dead skin cells to improve radiance.

1 DAY BEFORE

Wash your hair with shampoo only and blow dry it. Avoid using conditioner or hair oil unless your hair is damaged or extremely dry.

1 DAY BEFORE

Prepare 2 chairs and a table surface to place tools and equipment.

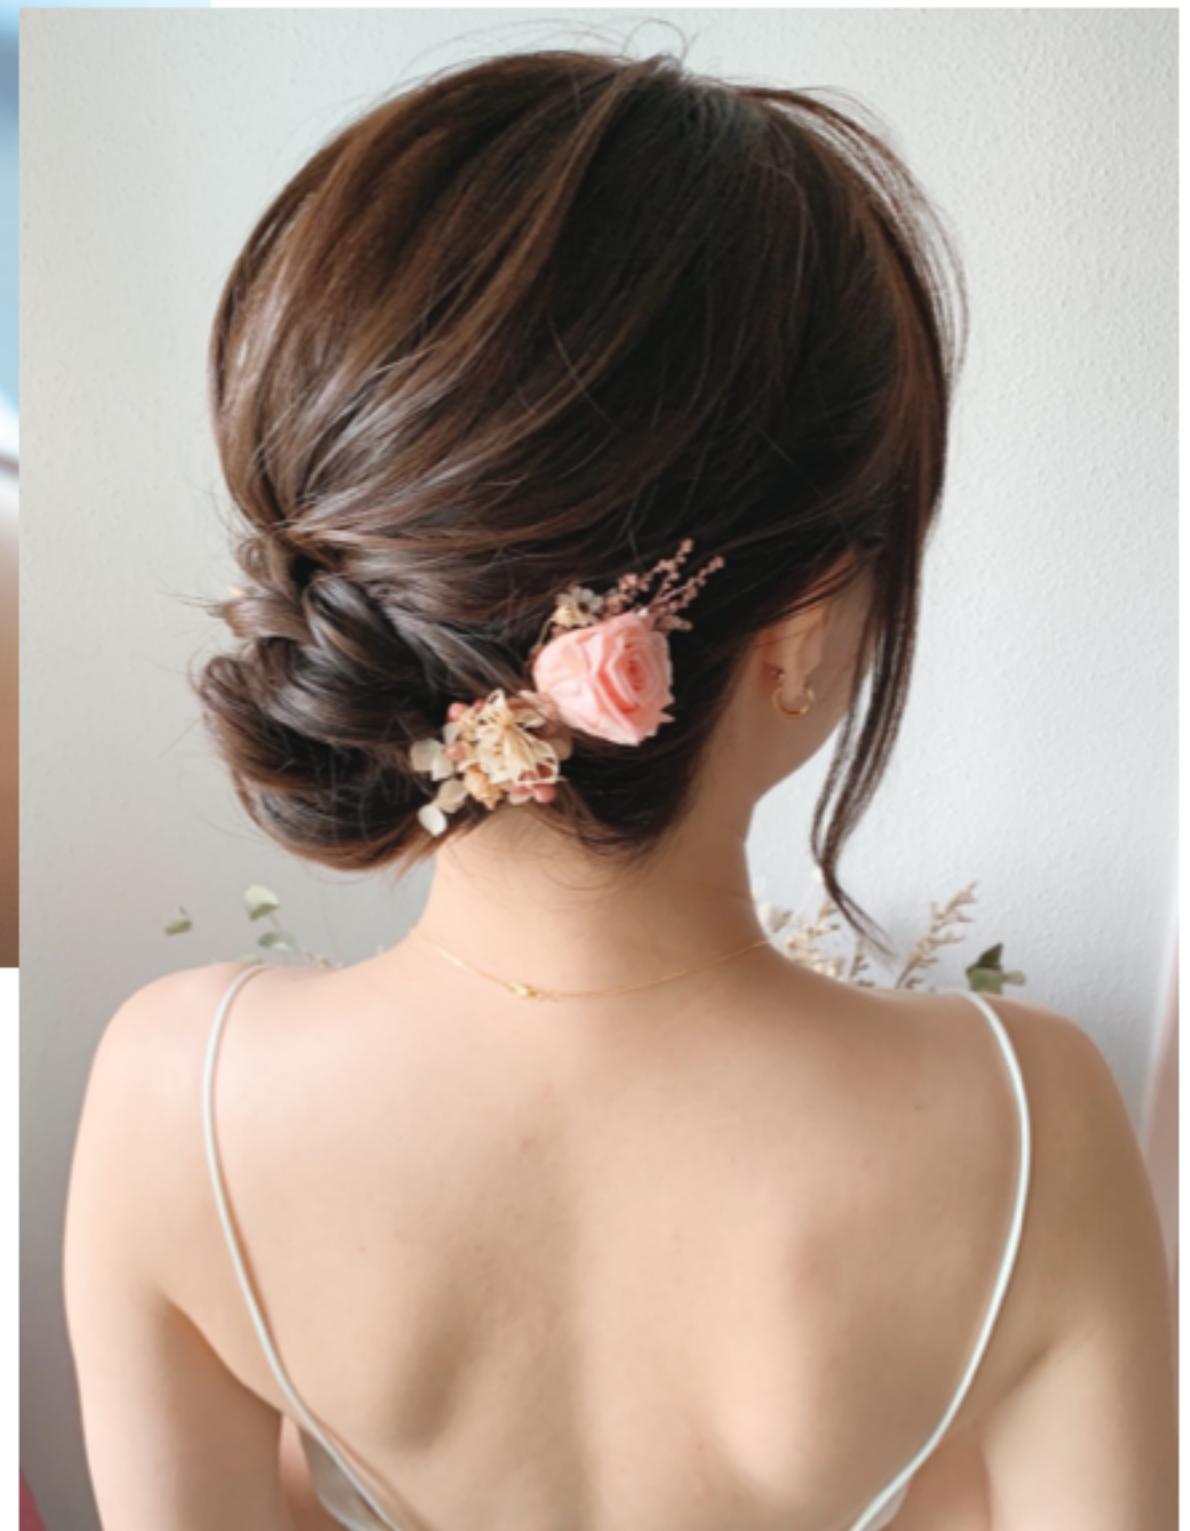

A well-lit area with mirror is preferred but fret not if you do not have them, I will bringing a mirror and lights.

1 DAY BEFORE

Check if your florist is able to provide small loose flowers if you wish to adorn your hair with them.

You may also request for preserved flower hair accessories from my collection.

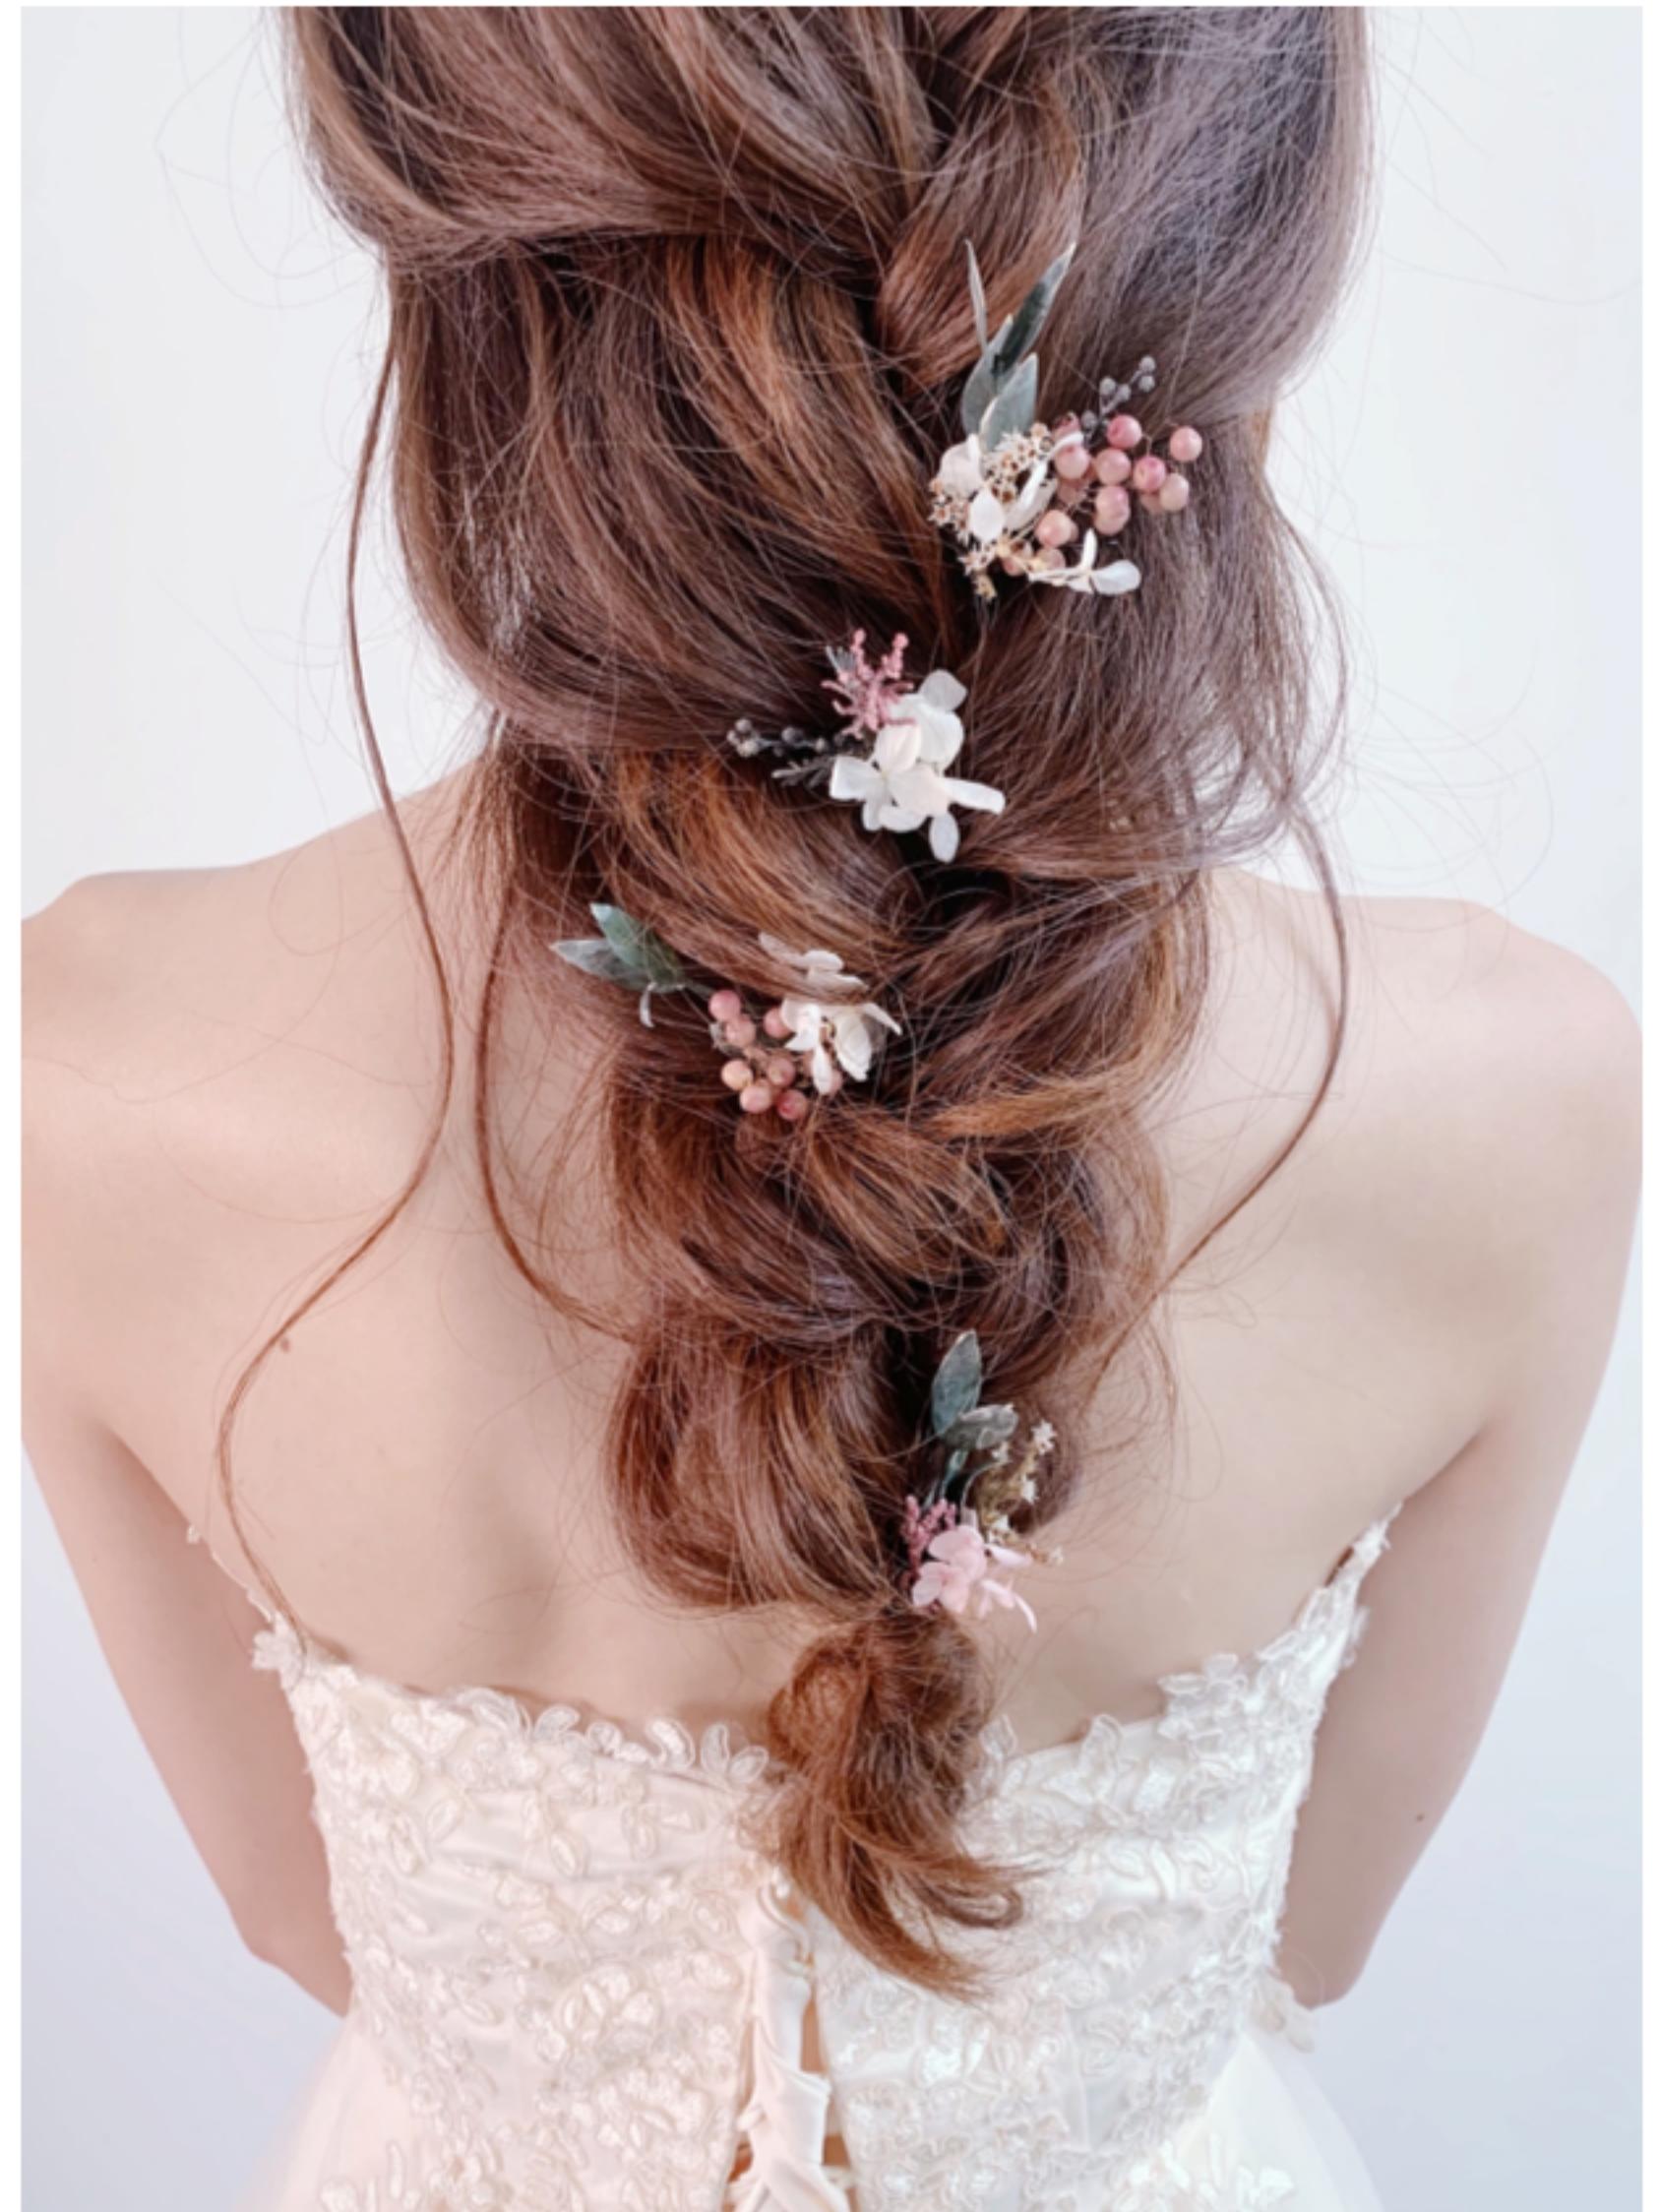

1 NIGHT BEFORE

Apply leave-on hydrating face mask and eye cream overnight.
Avoid drinking too much water as it might cause water retention.

BEFORE THE SESSION

Wear a button shirt top or robe so that you can change into your gown easily after makeup.

BEFORE THE SESSION

Have your hair
fully dried.
Curls do not last
long if your hair
is damp.

BEFORE THE SESSION

Put on your contact lenses, if applicable.

I recommend wearing cosmetic lenses as they
brightens up the eyes.

BEFORE THE SESSION

Skincare will be applied for you before makeup.

If you prefer to use your own skincare, you may bring it along.
